

## 2023 EXHIBITORS

### EXHIBITOR MAP

**ACI Boats | Booth #4**

ACI Boats was founded on decades of boat building experience, and a passion for the industry. With facilities in Washington and Alaska, ACI Boats specializes in aluminum catamarans for both commercial and recreational use. Our lineup includes landing crafts, passenger vessels, charter boats, recreational boats, and commercial fishing vessels.

**AgWest Farm Credit | Booth #15**

AgWest provides flexible financing to meet the unique needs of commercial fishermen and aquaculture operations. In addition, we offer exceptional service with a dedicated staff experienced in all major fisheries of the West Coast and Alaska. If you're a young, beginning or small producer, we offer special financing options through our AgVision program.

**Alaska Chadux Network | Booth #18**

Alaska's Premier Federal and State Oil Spill Compliance and Response Provider

**Alaska Division of Investments | Booth #19**

Commercial Fishing Loans for Alaskan Harvesters  
Limited Entry Permits  
Engine Fuel Efficiency Upgrade  
Vessel or Gear Refinance  
Vessel or Gear Upgrade  
Product Quality Improvements  
Quota Shares  
Tender Vessel Product Quality Improvements

**Alaska Rubber Group | Booth #3**

ARG industrial is a multi level distributor of industrial items. We are most known for hydraulic hose, industrial hose, wire rope, nylon slings. We also have hundreds of other industrial items that we provide to multiple markets. check out our website to see all the suppliers that we represent. <http://www.alaskarubbergroup.com>

**Alaska Sea Grant | Booth #1**

Alaska Sea Grant, one of 34 Sea Grant programs nationwide, is a statewide program headquartered at the University of Alaska Fairbanks.

Sea Grant has been serving Alaska for over 50 years. Our work supports healthy coastal resources, strong economies, and vibrant communities. We do this through research, education, and outreach via Marine Advisory agents who live and work in eight coastal communities across Alaska.

**Alaska Seafood Marketing Institute | Booth #30**

Alaska Seafood Marketing Institute (ASMI) is a public-private partnership between the State of Alaska and the Alaska seafood industry established to foster economic development of a renewable natural resource. ASMI plays a key role in positioning Alaska seafood as a competitive market-driven food production industry. Its work to boost the value of Alaska’s seafood product portfolio is accomplished through partnerships with retail grocers, foodservice distributors, restaurant chains, foodservice operators, universities, culinary schools, and the media. ASMI conducts consumer campaigns, public relations and advertising activities, and aligns with industry efforts for maximum effectiveness. ASMI also functions as a brand manager of the Alaska Seafood family of brands.

**Alaska USA, FCU | Booth #10**

Alaska USA Federal Credit Union is a member-owned financial services cooperative committed to delivering products and services that support financial wellbeing.

In 1948, fifteen civil service personnel gathered in Anchorage’s Alaska Air Depot, pooled their savings, and their conviction in one another, to form a member-owned credit union.

At the heart of that decision was a simple truth—local financial institutions simply could not or would not support the credit needs of the personnel who had been recently transferred to Alaska. Members began extending credit to one another while volunteering their time to operate the credit union.

Today, Alaska USA still builds upon the strength of members—bringing its not-for-profit, financial service cooperative model to families and businesses across Alaska, Arizona, California, and Washington

**Blankenship Equipment Belting | Booth #40**

With more than 70 combined years of conveyor belting experience in the Pacific Northwest our experts know what drives your business. From berries, to fishing, box making to grocery, logistics and all industries in between, we offer solutions from a full line of top belting manufacturers from around the world as well as local fabrication, installation and emergency repair. With fast, accurate, skilled service and sales, you will see the difference our personalized approach makes to your production needs.

**Britmar Marine Ltd | Booth #33**

Producer and distributor of over 300 commercial marine light fittings including high powered LED floodlights, navigation lights and searchlights. Also involved in Lithium Iron Phosphate batteries, inverters and battery chargers.

**Commercial Fisheries Entry Commission | Booth #20**

The Commission’s purpose is to promote the conservation and the sustained yield management of Alaska’s fishery resource and the economic health and stability of commercial fishing in Alaska.

### **Commercial Fishermen For Bristol Bay | Booth #8**

Commercial Fishermen for Bristol Bay (CFBB) is a national coalition of fishermen dedicated to protect Bristol Bay, Alaska and the 15,000 jobs, \$2.2 billion in economic activity, and generational way of life that Bristol Bay's wild salmon provide.

### **Cummins | Booth #47**

Cummins' product and service solutions are a perfect fit for the Commercial Fishing fleets. From propulsion packages to auxiliary marine generators, we provide dependable power and understand that marine applications in the Alaskan market demand versatile, durable products as tough as the fleets we power. Cummins has your vessel in mind whether you're gillnetting in Bristol Bay, trawling in the Gulf of Alaska, crabbing off the Pribilof Islands or seining off Cape Igvak on the Mainland. Kodiak has an on-island, factory certified service technician that can perform a simple tune up to a full overhaul with Cummins genuine parts that are stocked on the island.

### **GCI | Booth #25**

Headquartered in Alaska, GCI provides data, mobile, video, voice and managed services to consumer, business, government, and carrier customers throughout Alaska, serving more than 200 communities. The company has invested more than \$4 billion in its Alaska network and facilities over the past 40 years and recently launched true standards-based 5G NR service in Anchorage, now the nation's northernmost 5G service area. Learn more about GCI at [www.gci.com](http://www.gci.com).

### **Highmark Marine Fabrication, LLC | Booth #49**

Located in Kodiak, Alaska, Highmark Marine Fabrication, LLC is available 24 hours a day, 7 days a week. Highmark Marine Fabrication holds current welding certifications from ABS, USCG, ASME, AWS on steel, stainless steel, aluminum, copper nickel and other alloys. We are capable of conducting in shop fab work or mobile work in remote locations throughout Alaska. Our state of the art industrial coating division has the equipment and knowledge necessary to perform any blasting and coating project you have. We are set up for the following processes: Hydro blasting, dry media blasting, thermal spray/metalizing, paint and coating application. Our crew prides themselves on our ability to conduct high quality, efficient, repairs anywhere we are needed.

### **Industrial Pumps of Alaska | Booth #27**

IPA is the most unique, technical and innovative pump company in the North. We utilize our most important assets: "OUR STAFF" to sell, build, engineer and service the highest quality pumping products in the world. IPA embodies our Alaska base customer's core values; rugged yet refined – family first and independent. We work hard every day to maintain leadership in our industry and provide exceptional service to our customers.

### **Integrity Machining, Inc/ KOLSTRAND | Booth #44**

Kolstrand Marine Equipment is the premier manufacturer of high-quality marine equipment for today's Fishermen.

**John Deere Power Systems | Booth #48**  
Tier III Marine Engines from 80-750 HP.

**Karl Senner LLC | Booth #35**

Karl Senner, LLC provides the maritime community with the highest quality marine propulsion equipment. Premium products backed by superior service allow Karl Senner’s customers to optimize vessel performance, safety and operating hours.

Karl Senner, LLC is the exclusive sales and service representative for REINTJES Marine Transmissions, as well as a provider of Azimuth Thrusters, various propulsion and control systems, throughout North America, and also provides complete Propulsion System and Electrical System Integration.

**Kodiak Area Native Association | Booth #9**

Project Gabe kits will be available which includes Naloxone, Fentanyl test strips, a CPR mask and a sharps container. Educational handouts about suicide prevention, tobacco cessation, and harm reduction for substance and alcohol use will be available.

**Kodiak Island Borough – Solid Waste Advisory Board | Booth #2**

The Solid Waste Advisory Board (SWAB) is a group of locals that help teach the Community about the importance of recycling and the alternate ways to divert waste from the Landfill.

**Kodiak Marine Supply | Booth #22**

We are proudly serving the marine industry since 1985 with a range of sporting and subsistence to commercial gear.

We carry more than just marine products and have something for everyone with a large selection of clothing for every season. We also carry children’s clothing, rain gear and boots. As well as a great selection of books, cookbooks and children’s books.

**Kodiak Maritime Museum | Booth #21**

Kodiak Maritime Museum is a 501C3 non-profit museum. Our mission is “To recognize, preserve, and interpret Alaska’s maritime heritage.” We have been doing this work since 1992. Some of our projects include oral histories, the restoration and exhibit of the salmon fishing vessel Thelma C, a series of 14 interpretive panels on Shelikof St., and most recently, the installation of more than 40 large format portraits of people who lived through Kodiak’s legendary King Crab era.

**Kodiak Powersports & Marine LLC | Booth #23**

Kodiak’s only local Yamaha and Honda Outboard dealer and service center. Powersports dealer for Polaris, Honda, and Yamaha. Kodiak’s fun specialist!

**Kodiak Public Health Center | Booth #51**

At the Kodiak Public Health Center, we provide individual clinical services and also work on community and system levels to improve the health of all Alaskans. We promote strong community involvement and serve as a resource, helping to integrate and centralize information on health resources for the community. Our mission is to protect and improve the health of Alaskans through partnering with individuals, communities, and systems while advancing self-reliance, dignity, and cultural integrity.

Free Project Gabe Naloxone dry bags and Naloxone mountable red boxes will be available. We will also have free small Project Hope Naloxone kits.

**Kodiak Regional Aquaculture Association | Booth #43**

The Kodiak Regional Aquaculture Association is dedicated to salmon fisheries development for the benefit of all common property users — subsistence, sport, and commercial — through research and management efforts, habitat monitoring and protection, stocking, enhancement and rehabilitation projects.

**Kodiak Seiners Association | Booth #12**

Kodiak Seiners Association provides a unified voice for all Kodiak Management Area Salmon Seine fishermen.

**Marine Electric & Refrigeration of Kodiak / Radar Alaska | Booth #17**

Locally owned and operated marine electrical and refrigeration of Kodiak has you covered for all of your electrical and refrigeration needs. Radar Alaska is the one stop shop for all of your electronics, sat phone, satellite internet needs.

**Mitsubishi Marine Engine | Booth #31**

Mechanical Marine Propulsion Engines

**Nichols Brothers Boat Builders and Everett Ship Repair | Booth #28**

Newfront is transforming the delivery of risk management, employee experience, insurance, and retirement solutions by building the modern insurance platform. Transparent data delivered real-time translates into a lower total cost of risk and greater insights. Newfront makes insurance work for you.

**NOAA Alaska Fisheries Science Center | Booth #39**

Monitoring the health and sustainability of fish, marine mammals, and their habitats across nearly 1.5 million square miles of water surrounding the state, which produces more than half of the fish caught in the United States, worth \$1.8 billion.

**NOAA Fisheries Office for Law Enforcement | Booth #7**

NOAA Fisheries Office for Law Enforcement is dedicated to the enforcement of laws that protect and conserve our nation’s living marine resources and their natural habitat. NOAA Fisheries special agents and enforcement officers have specified authority to enforce over 37 statutes, as well as numerous treaties related to the conservation and protection of marine resources and other matters of concern to NOAA.

**Nobeltec | Booth #16**

Nobeltec is a leading developer of PC-based marine navigation software programs and supplier of electronic charts, hardware, and accessories since 1993. Check out [www.mytimezero.com](http://www.mytimezero.com) for more information.

**North Pacific Fuel | Booth #38**

Petro Star Inc. has been doing business in Kodiak as North Pacific Fuel for 25 Years. We continue to provide the highest quality Alaskan refined fuel and the best heating oil and marine fuel service in Kodiak!

**Northern Lights, Inc. | Booth #50**

Northern Lights, Inc. manufactures the industry’s best marine, land based and stand by generator sets. With a range from 5 to 500-plus, Northern Lights products are supported throughout The Final Frontier by Alaska Diesel Electric.

**Northrim Bank | Booth #32**

Our proven leadership and engagement with the commercial fishing industry means we understand how to help you grow your business. Whether you are in need of short-term strategies or a long-term vessel loan, we are here to deliver expert advice, customized solutions and flexible terms – and all decisions are made locally. Let us help your business achieve more.

**Pacific Boat Brokers | Booth #36**

BC's Largest Pre-Owned Vessel Brokerage

Pacific Boat Brokers Inc. is a leader in the vessel and license brokerage industry. In business since 1997, we bring buyers and sellers together to facilitate a timely and managed sales process. Our website showcases several hundred listings with specifications and photo galleries.

Categories of interest include Sailboats, Power Boats, Fishing Vessels, Skiffs, Commercial Fishing Licences, Quota, Permits, Barges, Tugs and more.

*Sellers* – Access our knowledgeable sales team to help you determine the market value of your marine asset and establish a marketing plan to sell your marine asset.

*Buyers* – You will find that our website contains most of the information you need to find a vessel of interest. Our sales brokers will be at your service to help you determine if this is the right vessel for you or help you find one that is.

*Peace Of Mind* – Our management team will assist buyers and sellers through the paperwork process, ensure that parties are aware of required documentation, and keep deals moving forward smoothly until completion.

**Pacific Power Group | Booth #41**

Pacific Power Group is a leading sales and service provider of new and remanufactured engines and commercial automatic transmissions, marine power, power generation products and commercial trucks. Our dedicated and experienced team has more than 60 years of success working with customers to solve their power needs. We pride ourselves on working closely with our customers to provide a complete solution. With six sales, service, and parts warehousing facilities with extended service throughout the Western U.S. and Gulf Coast, Pacific Power Group has what it takes to provide superior power and service for your business.

**Phoenix Lighting | Booth #46**

Phoenix Lighting is a US-based manufacturer of Made-in-USA LED marine floodlights, navigation lights and interior lighting for commercial fishing boats, tug boats, dredges and USCG and US Navy vessels. Phoenix lights are Durable by Design and designed to withstand extreme temperature, corrosion, vibration and moisture. Phoenix was founded in 1892 and is based in Milwaukee, WI USA.

**Prince William Sound Regional Citizens' Advisory Council | Booth #29**

Citizens promoting the environmentally safe operation of the Alyeska terminal and associated tankers.

The Prince William Sound Regional Citizens' Advisory Council was formed after the 1989 Exxon Valdez oil spill to provide a voice for citizens affected by decisions related to the Alyeska Pipeline Service Company's Valdez Marine Terminal and associated oil tankers. Our 18 member organizations are communities in the region affected by the 1989 spill, as well as commercial fishing, aquaculture, Alaska Native, recreation, tourism, and environmental groups.

The Council is an independent nonprofit corporation working to prevent pollution and other harm from crude oil transportation through our region. We monitor, review, and provide advice on:

- Oil spill prevention and response plans for our region
- The general operations and environmental protection capabilities of Alyeska and the tanker operators
- Government policies, permits, and regulations relating to the terminal and tankers

**Providence Kodiak Island Medical Center | Booth #24**

Providence Kodiak Island Medical Center is the only hospital located on Kodiak Island. We serve the community through our emergency department, outpatient Specialty Clinic, as well as inpatient services. We are here for your health needs.

**R.W. Fernstrum & Company | Booth #37**

R.W. Fernstrum has been engineering and manufacturing custom keel coolers for the marine industry since 1949. GRIDCOOLER® Keel Coolers are used for cooling marine propulsion engines, generator sets, reduction gears, and auxiliary systems onboard vessels of all sizes worldwide. Each cooling solution is engineered to meet the requirements of your engine, vessel, and operating conditions. Contact our sales and engineering team for expert advice on cooler sizing, placement, installation, and service.

**Resolve Marine Group | Booth #34**

Resolve Marine, a global leader in ship and vessel salvage, emergency response, and specialized marine services, has served and supported clients and projects for nearly 40 years. We bring a global presence and local response to every project with people, technology, experience, and innovation at the core of who we are and what we do. Continual reinvestment in our owned and maintained assets means that we operate to the highest standards and can deploy people and equipment 24/7 from warehouse and depot locations in the Americas, Europe, Africa, and Asia.

Resolve Alaska, a unit of Resolve Marine, provides shipyard and marine services, including diving services, for commercial and fishing vessels from its waterfront Dutch Harbor facility, aviation services from Anchorage, and vessel support services from Kodiak. A fleet of tugs, barges, heavy lift and crane equipment support offshore emergency marine, salvage and recovery response and specialty projects throughout the state of Alaska. For more information visit [www.resolvealaska.com](http://www.resolvealaska.com).

Resolve Marine is a global leader in specialized marine services, including emergency and oil spill response, salvage and recovery, and maritime training. A private company established in 1984 and headquartered in Fort Lauderdale, FL, Resolve Marine has commercial offices, response warehouses and equipment depots located in the United States, Europe, Africa, and Asia. For more information, visit [www.resolvemarine.com](http://www.resolvemarine.com), call (954)764-8700 or follow us on LinkedIn and Twitter and Facebook @resolvemarine.

**Samson Tug & Barge, Inc. | Booth #45**

Supporting the timber, energy, defense, seafood, commercial, and private transportation needs of Alaskans is a way of life for our family. Since 1938, Samson Tug and Barge has been meeting the supply chain needs of Alaska. We understand that living, working, and doing business in “The Last Frontier” means confronting and dealing with challenges found nowhere else in the world. The Samson Tug and Barge family have been meeting those challenges on behalf of our customers for four generations of family owned operations. Samson Tug and Barge, Alaskans serving Alaskans.

**Satellite Technical Services | Booth #11**

Satellite Technical Services provides telephone communication and data transfer via satellite for a major portion of the Pacific—from Alaska to California to Hawaii. Satellite Technical Services also has a new affordable satellite product available to their customers.

**Sea-Mountain Insurance | Booth #42**

Supporting the timber, energy, defense, seafood, commercial, and private transportation needs of Alaskans is a way of life for our family. Since 1938, Samson Tug and Barge has been meeting the supply chain needs of Alaska. We understand that living, working, and doing business in “The Last Frontier” means confronting and dealing with challenges found nowhere else in the world. The Samson Tug and Barge family have been meeting those challenges on behalf of our customers for four generations of family-owned operations. Samson Tug and Barge, Alaskans serving Alaskans.

### **Skipper Science Partnership | Booth #6**

The Skipper Science Partnership is a community-driven environmental monitoring program. The network taps into the knowledge and observations of Alaska’s fishermen, fishing communities, and fishing support industries, filling important data gaps. Alaskan communities and fisheries are disproportionately affected by climate-related ecosystem impacts including ocean acidification and temperature changes, extreme weather, and coastal hazards (e.g., harmful algal blooms, sea level rise, and erosion). Many Alaska fishing grounds host long-term stock assessment surveys and other monitoring efforts to help understand changes in the marine ecosystem, but they often are only snapshots of particular seasons (e.g., summer months) or are narrow in their scope. This program originated from conversations with fishermen throughout the state of Alaska. Fishermen are now using the program’s tools and smartphone/tablet app to make valuable observations year-round, often at a finer scale than other efforts. These observations benefit from experience-based local knowledge, which can provide valuable information to managers, including documentation of shifts in species range and trends in fishery stocks. Since 2021, partners across the state have generated momentum to strengthen the Skipper Science program and we aim to deliver much-needed environmental and biological information from remote locations regarding rapid changes in ecosystems, fisheries, and species of concern. Importantly, Skipper Science has built relationships and trust between the fishing industry and scientists/managers to address conservation challenges driven by rapid and accelerating climate change in Alaska.

### **Southwest Alaska Municipal Conference (SWAMC) | Booth #26**

Southwest Alaska’s municipal advocate for fisheries, mariculture, infrastructure and economic development since 1988.

### **US Navy | Booth #14**

The Navy’s mission is to maintain, train, and equip combat-ready forces capable of winning wars, deterring aggression, and maintaining freedom of the seas. The Gulf of Alaska provides invaluable training space needed to realistically train U.S. service members to protect and defend the United States and its allies. Northern Edge exercises are Alaska’s largest joint training exercises and occur biennially. During this exercise, the Navy takes actions to avoid or minimize impacts on marine mammals, fishes, marine birds, and important habitat. The Navy is also a world leader in marine species research and monitoring efforts.

### **United States Coast Guard District Seventeen Commercial Fishing Vessel Safety Program | Booth #5**

The Coast Guard Fishing Vessel Safety Program provides required and voluntary safety examinations as well as outreach and safety training opportunities to the commercial fishing industry.

### **United Fishermen of Alaska | Booth #13**

United Fishermen of Alaska (UFA) is the statewide commercial fishing trade association, representing 37 commercial fishing organizations participating in fisheries throughout the state and the federal fisheries off Alaska’s coast.

## **2023 EXHIBITORS**
